

ABT-REG1

Volume Controller

Description

Volume controller is designed to control 100 V signal. Maximum speaker / speaker group load is 40 W RMS.

Technical specifications

Input voltage	100 W
Maximum nominal load	40 W
The frequency range	30 – 20000 Hz
Number of control levels	6
Output power level for each position	-∞, -20, -15, -10, -5, 0 dB
Voltage drive the alarm priority relay	18 – 26.5 V
Current consumption	10 mA
Operating temperature	0°C – 40°C
Overall dimensions	80 mm × 150 mm × 65 mm
Size of wall recess	75 mm × 150 mm × 50 mm
